

How to use Human Biomechanics of Trauma Institute Paperwork

Day 1

1. Patient fills out Patient Information Form
2. Patient fills out Symptoms Form
3. Doctor reviews Patient Information & Symptoms Form with patient during consultation.
4. Doctor examines patient (use your own exam form) & takes x-rays, including flexion & extension (in lumbar, too, if patient has significant pain there)
5. Doctor fills out Diagnosis Form & Treatment Plan Form
6. Any treatment done on the patient
7. Office bills 99203 (\$250) for the first 30 minutes face to face. If the doctor is face to face with the patient for 60+ minutes, bill BOTH 99203 (\$250) and 99354 (\$245). Office bills for x-rays, durable medical equipment/supplies, and treatment.

Day 2 (If patient has any symptoms of brain concussion/MTBI on the Symptoms Form)

1. Patient fills out Rivermead Post-Concussion Questionnaire
2. Doctor or assistant performs Folstein Mini Mental State Examination
3. Doctor fills out Doctor's Analysis of Mental State & Cognition
4. Bill 90801 (\$95) for the Rivermead & 96118 (\$150) for doing both the Folstein and Doctor's Analysis of Mental State & Cognition Forms. Office bills for treatment done.

Day 3 (If patient has any symptoms of brain concussion/MTBI on the Symptoms Form)

1. Patient fills out Epworth Sleepiness Scale
2. Doctor fills out Doctor's Analysis of Sleep Disorder & Somnolence Form
3. Office bills 90801 (\$95) for Epworth and 96118 (\$150) for doing the Doctor's Analysis of Sleep Disorder & Somnolence form. Office bills for treatment done.

Each Re-exam

1. Patient fills out Symptoms Form, Duties Under Duress Form, and Loss of Enjoyment of Life Form.
2. If patient has brain symptoms, patient fills out Rivermead and Epworth Forms
3. If patient has brain symptoms, doctor fills out Folstein, Doctor's Analysis of Mental State & Cognition, and Doctor's Analysis of Sleep Disorder & Hypersomnolence forms.
5. Doctor examines patient (use your own forms)
4. Doctor fills out Diagnosis form and Treatment Plan form.
5. Office bills 99213 (\$175) for the first 15 minutes face to face. If the doctor is face to face with patient for 45+ minutes, bill both 99213 (\$175) AND 99354 (\$245). Bill 90801 (\$95) for the Rivermead. Bill 90801 (\$95) for the Epworth. Bill 96118 (\$150) for the Folstein and filling out both Doctor's Analysis forms (Somnolence & Cognition). Bill for any x-rays taken and treatment performed.
